Privacy Impact Assessment: The FCC completed a Privacy Impact Assessment (PIA) on June 28, 2007. The PIA may be reviewed at

http://www.fcc.gov/omd/privacyact/Privacy_Impact_Assessment.html. The FCC is in the process of updating the PIA to incorporate various revisions made to the SORN.

Needs and Uses: The Commission consolidated all of the FCC complaint forms into a single collection, which allows the Commission to better manage all forms used to collect informal consumer complaints. This revised information collection requests OMB approval for the minor adjustments needed for the filing of informal complaints alleging violations of the accessibility requirements of section 255 (telecommunications services and equipment), section 716 (advanced communications services or equipment), and section 718 (Internet browsers on mobile phones) of the Communications Act of 1934 (the Act), as amended, and the Commission's

regulations implementing those provisions. 47 U.S.C. 618; 47 CFR 14.30-14.52. Pursuant to the new enforcement rules that will go into effect on October 8, 2013, informal complaints alleging violations of section 255 of the Act will no longer be filed on FCC Form 2000C. Instead, informal complaints alleging violations of sections 255, 716, or 718 of the Act will be filed on new FCC Form 2000H. In addition, a new Request for Dispute Assistance form (FCC Form RDA) will be used to initiate the 30-day period that must precede the filing of these informal complaints. The burdens associated with filing the new 2000H and RDA forms were contained in and have been extracted from the collection found in OMB control number 3060-1167. All information collection burdens associated with submission of FCC complaint forms, including modification of the 2000C form and the creation of the new 2000H and RDA forms, are consolidated into the collection found in OMB control number 3060-0874.

OMB Control Number: 3060-1167.

Total Annual Burden: 409,371 hours.

Total Annual Cost: \$291,488.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the FCC's system of records notice (SORN), FCC/CGB-1, "Informal Complaints and Inquiries," which became effective on January 25, 2010. In addition, upon the service of an informal or formal complaint, a service provider or equipment manufacturer must produce to the Commission, upon request, records covered by 47 CFR 14.31 of the Commission's rules and may assert a statutory request for confidentiality for these records. All other information submitted to the Commission pursuant to Subpart D of Part 14 of the Commission's rules or to any other request by the Commission may be submitted pursuant to a request for confidentiality in accordance with 47 CFR 0.459 of the Commission's rules.

Privacy Impact Assessment: The FCC completed a Privacy Impact Assessment (PIA) on June 28, 2007. The PIA may be reviewed at

http://www.fcc.gov/omd/privacyact/Privacy_Impact_Assessment.html. The FCC is in the process of updating the PIA to incorporate various revisions made to the SORN.

Needs and Uses: On October 7, 2011, in document FCC 11-151, the FCC released a Report and Order adopting final rules to implement sections 716 and 717 of the Communications Act of 1934 (the Act), as amended, which were added to the Act by the Twenty-First Century Communications and Video Accessibility Act of 2010 (CVAA). See Pub. L. 111-260, 104. Section 716 of the Act requires providers of advanced communications services and manufacturers of equipment used for advanced communications services to make their services and equipment accessible to individuals with disabilities, unless doing so is not achievable. 47 U.S.C. 617. Section 717 of the Act establishes new recordkeeping requirements and enforcement procedures for service providers and equipment manufacturers that are subject to sections 255, 716, and 718 of the Act. 47 U.S.C. 618. Section 255 of the Act requires telecommunications and interconnected VoIP services and equipment to be accessible, if readily achievable. 47 U.S.C. 255. Section 718 of the Act requires web browsers included on mobile phones to be accessible to and usable by individuals who are blind or have a visual impairment, unless doing so is not achievable. 47 U.S.C. 619.

Among other things, the FCC established procedures in document FCC 11-151 to facilitate the filing of formal and informal complaints alleging violations of sections 255, 716, or 718 of the Act. Those procedures include a nondiscretionary pre-filing notice procedure to facilitate dispute resolution. As a prerequisite to filing an informal complaint, complainants must first request dispute assistance from the Consumer and Governmental Affairs Bureau's Disability Rights Office.

Pursuant to the new enforcement rules that will go into effect on October 8, 2013, these informal complaints will be filed on a new FCC Form 2000H. In addition, a new Request for Dispute Assistance form (FCC Form RDA) will be used to initiate the 30-day period which must precede the filing of an informal complaint. The burdens associated with filing the new 2000H and Request for Dispute Assistance forms are contained in the collection found in OMB control number 3060-0874. Therefore, the Commission extracted those burdens from the collection found in OMB control number 3060-1167. In addition, the Commission has revised its estimate of the number of requests for dispute assistance and the number of informal complaints that it expects to receive and the burdens associated with the processing and handling of those requests and complaints.
